

Dear Ms. Buchanan,

We wish to confirm that your request for completion of the NSRAP survey was received, 19 April.

The Greg Kerr Campaign Office receives survey requests from a huge number of very valid and prominent interest groups. Please realize that Mr. Kerr is scheduled for election activities from eight in the morning until after ten in the evening everyday and it is impossible for him to complete and answer these.

Even though he will probably not be able to respond to you personally before the election occurs, Greg has proven that sees these organizations is an important part of our Canadian fabric. We would suggest that you once again contact him (hopefully in Ottawa) once election demands are over.

Kindest regards,

Graham Dalton
